OVERNIGHTER®

PORTLAND CONCRETE REMOVER

- Biodegradable
- Non-Corrosive
- Non-Hazardous
- No Fumes
- No Odor
- Non-DOT Regulated

Overnighter is an acid-alternative that safely and effectively breaks down Portland, and turns hardened concrete into rinsable mud. **Overnighter** works without fumes or odors, and is biodegradable, non-corrosive, non-hazardous, non-D.O.T. regulated, and environmentally safe. **Overnighter** uses an active ingredient derived from sugar cane and does not contain any harsh acids like muriatic acid, hydrochloric acid, hydrofluoric acid, sulfuric acid, or phosphoric acid.

Application

Apply with sprayer at end of day, let soak overnight, rinse off in morning before loading mixer.

Directions

Do not dilute for effective cleaning

Bumper to bumper: 1:1
